HOME CONTRACTORS GET STREET WORK

Council Awards Contracts for Dingee Park Improvement to Local Bidders.

The result of the competition for the work of the extensive street improvements in Dingee Park is another emphatic demonstration of the ability of Redwood City business men to compete successfully with outside competitors in extensive operations as well as minor jobs. Notwithstanding the fact that there were a considerable number of bidders before the Council Monday evening, many of these representing firms extensively engaged in the business in various portions of the State, and the plain evidences of keen competition, Redwood City contractors easily won every point. When the Council was called to order by Mayor Merrill the room was crowded to its utmost capacity by representatives of the competing firms and interested spectators.

After the call of the roll the Council proceeded with the usual routine of its business while the interested crowd patiently stood and waited until the business which was the center of attraction should be reached. The regular monthly reports of the city officers were read and approved. The report of Treasurer Towne showed the condition of the various funds to be as follows: General fund—Receipst, fines, $25; water collections' $620.50; licenses, $5; water connections, $30; dog taxes, $6; sewer connections, $21.40; rent of roller, $10. Expenditures, $2,212.04. Balance on hand, $4,800.15. Library fund—expenditures, $149.10; balance, $991.57. Improvement district No 8 (Roosevelt avenue)—expenditures, $3,029.45; balance on hand, $1,132.64. Local Improvement district No. 9—expenditures, $79.30; balance, $530.60. Water extention fund, expenditures, $539.89; balance, $272.22.

Mary N. Gilbert presented a communication offering to sell as a site for the new City Hall her property on Main street, between Phelps and Stambaugh, 50 by 100 feet, for $5000.

The Spring Valley Water Co. was given permission to cross Steinberger street with a private telephone line, with the proviso that the city be guaranteed the right to use the poles for fire alarm wires.

The Telephone Company requested permission to lay underground conduits across Webster street from their new office now under construction to the Courthouse and to the intersection of Broadway and Webster. The request was referred to the committee on public utilities with power to act.

Mr. Greco was granted permission to build a small locker in the shed on the city dock.

A resolution was adopted providing for the municipal election to be held April 11th, and naming the officers of election as follows: Inspectors, John Curran, James E. VanCourt; judges, William H. Lipp and Henry Offerman; clerks, C. B. Barton and J. N. Winter; ballot clerks, William Littlejohn and J. W. Glennam.

Baldwin & Howell having paid to the Treasurer the entire amount of the purchase price of the Dingee Park improvement bonds were granted a return of their guarantee checks.

Now came the time for which the crowd of spectators had been waiting with as much patience as a crowd of men compelled to stand in a public place could be expected to exhibit. Pushing over a pile of fat looking envelopes, Chairman Merrill directed the Clerk to proceed with the opening of the bids for street work. These were as follows:

As it was evident that considerable time would he required to accurately determine the amount of each bid, it was determined to postpone the awarding of the contract until Tuesday evening, and with the announcement the big crowd withdrew. As they filed down the stairs Mayor Merrill gave expression to a sigh of relief that the floor of the old building had withstood the unusual strain to which it had been subjected.

For the building of the fence at the new reservoir the bids were as follows:

C. J. Bettin—$248.65.
F. E. George—249.25.
John O'Farrell—$368; gates, $15.50.
Chas. Cofiori—$287.
Pacific Fence Construction Company—$346; gates $15.50; surfaced material $21.50 extra.
Grainger & Nichols—$198.75 first-class, $12 off for second class.

The Trustees were so astonished at the low offer of Grainger & Nichols that they could not believe it was made with an understanding of the requirements and action was deferred until Tuesday evening.

A map of a subdivision of lot 10 of the Wooster, Whitton & Montgomery tract by the Moxey Realty Company was approved.

Considerable time was given to consideration of proposed changes in the County Road to be made by the Peninsula Railway Co. with a view to avoiding the present dangerous long diagonal crossing. After a number of suggestions the matter was referred to Mayor Merrill for further conferrence with the railway company. It was stated that the improvements as proposed would involve an expenditure of $10,000 by the Peninsula Railway.

The City Attorney was directed to notify Mrs. Gilbert to construct cement sidewalks in front of her property on Winslow street opposite the California square.

On motion of Trustee Hynding the street superintendent was directed to prepare specifications for the laying of cement walks at the small parks on Mound street.

At the suggestion of Chairman Merrill Clerk Plump was directed to request owners of property on the west side of the creek near the bridge to remove the old piling and erect a bulkhead along the bank, with a view to relieving the present rather discreditable view from Broadway.

It was decided, at the request of Street Superintendent Dickey to appoint a special deputy to supervise the street improvement work in Dingee Park.

On motion of Trustee Brown, Bruno Heyman was employed as a special engineer for the purpose of preparing plans for the bridges and retaining walls on the County Road and to prepare maps showing the location of the various public utility systems.

The Board then took a recess until Tuesday evening, when it reconvened with all the member except Trustee Beeger present. Evidently the representatives of the outside bidders on the street work for themselves and concluded they were not in it, as they had seemingly lost interest in the matter and were only conspicuous by their absence.

Chairman Merrill presented a tabulated statement of the several bids. This showed that the bids of McGarvey, Hess & Kreis for the grading, macadamizing, culverts and sewers in both districts were considerably the lowest, and that T. C. Rice had materially underbid his competitors for the concrete sidewalks, curbs and gutters. On motion of Trustee Hynding the contracts for the entire work were awarded to the two local bidders.

REMINISCENSES OF OUR PIONEER DAYS

Gleanings From the Records Left By Men Who Laid the Foundation of Our County.

On the 1st of April, 1871, Kelly, Mattingly & Co. purchased the general merchandise store of Purcell & Co. at San Mateo and took charge of the business. The new firm was composed of C. E. Kelly, R. L. Mattingly and J. G. Moore.

The issue of the Gazette of April 8th, 1871, contained the following item of news under the simple heading of "Earthquake," which would seem to indicate that the people of this section were in a mood to expect a periodical shaking up: "At a few minutes before 8 o'clock on last Sunday evening there was quite a lively shock of earthquake experienced at thisplace. For a starter of the series to come off the present season, it was a veay creditable effort on the part of mother earth. Houses weae rocked too and fro, furniture and crockery rattled and jingled for a few seconds, to the great terrorof timid people who were unacustomed to these harmless little freaks of nature. No damage was done to life or property so far as we are advised. The shock was felt at San Francisco, Petaluma, San Jose, Santa Cruz and other places in the State, but from all accounts we conclude that it was fully as severe here as it was at any other place."

Maracopa Tribe No. 28, Improved Order of Red Men, the first fraternal organization to be formed at San Mateo, was instituted on the evening of April 8th, 1871. The following were the first officers of the Tribe: G. W. Green, sachem; J. C. Murphy, senior sagamore; E. Walker, junior sagamore; L. Jazynsky, chief of records. The ceremonies of institution were conducted by Great Sachem Louderback, who was assisted by several other officers of the Great Council. A number of the members of Metamora Tribe of this town were present at the institution which was open to the public and was attended by a large number of pale faces.

The regular election for town officers of Redwood City was held on the 1st of May. There was no organized opposition to the men who had been in office for the provious year and they were all reelected with practically no opposition. That there was no great interest in the election is shown by the fact that there were but 96 votes cast while the total voting strength of the town was something over 300. There had been some little feeling against the Trustees because of their failure to pass an ordinance to prevent stock from being pastured on the streets of the town and during the afternoon of the election an attempt was made to spring a ticket of candidates pledged to remedy this nuisance but there was not time for its friends to muster a notable strength. The effect of this opposition accomplished some good evidently, as within a few weeks after the election the Trustees passed an ordinance calculated to still the demands of the people who had been patiently suffering from the depredations of their neighbors' cattle. Whether intentionally or otherwise a "little joker" was hidden in the ordinance and as originally passed it failed to prove either satisfactory or effective in curing the trouble. While it provided for the impounding of stock running at large contrary to its provisions, it gave each owner of cows the privilege of allowing one of the cows to run on the streets, and while authorizing any person finding cattle grazing unlawfully on the highways to drive them to the pound and turn them over to the poundmaster it imposed a fine of $20 on any person who should improperly impound any stock. As the loose cattle generally grazed in droves no one dared to take the risk of taking them up as it ts easily apparent that there was generally no means of determining how many of the offending cows might belong to one person. This of course produced a "big kick" and the Trustees were soon compelled to amend the law so as to remove the objectionable clause.

Home Contractors Get Street Work.

[Continued from first page.]

what astonished at the low figures of Grainger & Nichols, they were assured that the bid was made with a full understanding of the specifications and the contract was given to that firm for building the fence at the reservoir.

Chairman Merrill reminded the Trus that they were still far from out of the woods on the street improvement question by suggesting that now that the Dingee Park work had been disposed of the work on the districts under consideration last summer should be pushed to conclusion. This lead to an earnest discussion of the different classes of pavements. Trustee Hynding strongly advocated the use of oiled macadam, especially on residence streets, because of its less cost to the small property owner, while Chairman Merrill was an equally earnest advocate of reinforced concrete as requiring a much less cost for future maintenance. It is probable some definite conclusion will be reached at the next meeting.

Chairman Merrill urged that a plan be formulated for submitting to voters at the coming city election the question of a location of the city hall. This met with unanimous approval and the plan will be worked out at the next meeting. The discussion lead to the suggestion of several locations, among which were the old kindergarten site and California square. C. E. Cumberson suggested that as the city hall was a public business building it should be easily accessible to the business center.

Passing of Old Time Resident.

Braulio C. Ramos who was a popular resident of Redwood ten years ago, passed away at the Guild hospital at San Mateo Monday, the result of an illness of three months. The deceased was a native of Mayfield, aged 54 years, his father, the late Andres A. Ramos, having been a pioneer resident of that town. He came to this city thirty years ago, earning his living always by honest toil. For the past ten years Ramos has lived at San Mateo. His fatal illness was the result of a severe cold contracted while farming on the mountain near Byrnes' store. Although of splendid physique, his sickness quickly developed into consumption and his death followed despite the efforts of his physicians. The deceased leaves to mourn his death two sisters, Mrs. Joseph Mayo of Gilroy and Mrs. Raymon Dias of San Gregorio and several grandchildren. He was interred in Union Cemetery yesterday forenoon, services having been previously held at the Catholic church. Among old acquaintances of the deceased, the news of his passing away was heard with the deepest regret. He was a good honest fellow and was esteemed by all

Mrs. Breon ("Effie") whose wonderful psychic powers and mystic gifts have baffled scientists all over the country, will give some striking examples of her great power. She uses absolutely no trick paraphernalia in her mind-reading tests, mental telepathy, and spiritual communications and some of her most mystifying phenomena are presented after she has been securely tied by a committee from the audience. Everything transpires on a well-lighted stage. The Breons invite investigation by the most skeptical. Watch for the demonstration drive, "Effie", blindfolded, in an automobile will seek some hidden article.

Bishop Administers Confirmation.

Bishop Dennis O'Connell with much pomp and ceremony administered the Sacrament of confirmation upon a class of 55 children and adults in the Catholic Church last Sunday. A number witnessed the impressive ceremony. His Grace delivered a forceful and instructive sermon that was intently listened to. Mr and Mrs D Tuttle acted as sponsers for the candidates. After the services the Bishop was given a reception in Parochial Hall. J. J. Downey on behalf of the sodalities and parishioners delivered the following well timed address:—

Your Grace:—It is my privelege and honor in the name of the Parish Sodalities, as likewise the people of the Parish, to welcome you to our midst on this the occasion of your first visit to our parish

The beautiful and impressive ceremony we have all witnessed this afternoon when a large number of our children were confirmed and strengthened in the Faith, the eloquent words of instruction and advice, that we heard from your lips, have served to impress deeply on all of us, the sacred bonds of affection and love that should exist between the Bishop, the Pastor and Father of His flock, and your spiritual children, a portion of the fold committed to your guidance and care.

With the deepest joy and satisfaction a joy that was common to all the Catholic people of this Archdiocese, we heard of your coming to assist Our Beloved Archbishop in the onerous duties and burdens of this far western Archdiocese We were told of your brilliant career and acheivements in the service of the Church and of Catholic education, first as Rector of the American College in Rome, the heart and center of Catholicity; then as Rector of our own Catholic University at Washington, and in common with our fellow Catholics we felt proud and happy that the Supreme Pontiff had designated you Rt. Rev. Bishop to exercise episcopal care and minister to the spiritual needs of our Catholic people.. We realize, Your Grace, that this selection and appointment must have entailed for you the severance of old associations and friendships formed by long residence abroad and in the Eastern sections of our country, that it must have meant likewise, the intrudance into a life of scholarship, and the breaking in on a life, spent in the peace and happiness of our great institutions of learning and for these sacrifices we are greatful and thank you, and it is because of these sacrifices that we appreciate the more deeply and more affectionately your presence amongst us May we venture to express the hope, that the genuiness and heartiness of California hospitality, the sunshine, flowers and numerous other natural beauties of our favored state and most of all the testimony and evidence of loyalty and affection on the part of our Catholic people, may be perhaps some little compensation for all you left behind you in coming to this Far Western Land.

On our part it is a pleasure and a joy to personally see and greet one of whom we have heard so much, and to tender to you on this day our little token of esteem and love.

Ad multos annos—this is our prayer and wish,—that God may bless and prosper Your Grace, grant you long length of days in the service of God and His Church, so that the years remaining to you may be filled up with deeds as golden and fruitful as your past years of service in the Lord's vineyard

Bishop O'Connell made a very happy and feicitous response declaring that Menlo Park reminded him of his old home in far away Italy with its sunshine and flowers. He congratulated the people for their devotion and religious zeal.

An Artist in His Business.

Those who are interested in the proper marking of the last resting places of the dead—and sooner or later all of us must be—would do well to consult with Thomas Maino, of 1430-32 Valencia street, San Francisco, one of the pioneer monument designers and constructors of the Pacific Coast Mr. Maino has had long experience in his profession, having entered the business in 1885, when he became connected with the establishment of Andrew Paltenghi, a sculptor of considerable fame, who had successfully conducted an establishment in San Francisco since 1856. Upon the death of his partner, in 1891, Mr. Maino assumed the full control of the business which he has since conducted successfully. In the calamity of 1906 the entire establishment was destroyed and following this Mr. Maino acquired the property at 1430 Valencia street, where his establishment has since been located.. A large portion of the marble and granite used is imported by Mr. Maino direct from Italy, Scotland and Sweeden, besides using the best of Eastern granites, and as he gives personal supervision to all work intrusted to the establishment his patrons can be assured of perfection both in design and workmanship. It is probable that in the near future Mr. Maino will become a resident of this city as he has recently purchased residence property in Dingee Park.

Splendid Entertainment House.

Adolph Mayer, the new proprietor of the Gem, formerly the Lyric, on Broadway, will open his theatre to the public Saturday night, giving a refined entertainment of motion pictures and illustrated songs. Doors will be open at 7 o'clock. The first performance will start at 7:30 and the next at 8:45. Prices of admission will be 5 and 10 cents.

REGULAR MEETING OF SUPERVISORS

Hillsboro Must Wait Another Week for Granting of Its Incorporation Right.

The board of supervisors held an interesting meeting last Monday All the members were present.

The Pacific States Telephone and Telegraph Co petitioned the board for permission to erect poles and lay conduits across certain roads in the second township out side the City limits of San Mateo. On motion of Coleman the permission was granted.

Mrs. Julia McLean of Alpine in the Third district applied for aid for her father, A. O. Boyce. The applicant was recommended by McEvey as worthy of the board's consideration and on motion of Blackburn, seconded by Casey, Boyce was granted $8 per month.

Joseph Rodriguez of Pescadero applied for aid in the support of the five half-orphan children of Andrew and Victoria Osorio. Granted in the sum of $6 to each child on motion of Blackburn, seconded by Casey.

John Lloyd of San Bruno applied for the position of night watchman of the new courthouse. Filed for future reference.

Public Administrator Plymire rendered a report of the disposition of the personal effects of certain indigents, which was accepted and filed.

The petition asking for the incorporation of Hillsboro was taken up and discussed .Attorney Arthur Redington presented an agreement signed by 91 per cent of the taxpayers within the proposed incorporation pledging themselves to pay into the road fund of the second district $7,000 annually for a period of eight years He said the people of Hillsboro were desirous of maintaining good roads in the second district as they were within the proposed territory sought to be incorporated and the signers would act in good faith and would live up to their promise. The chairman questioned the legality of the agreement. Mr. Redington wnile not sure that the instrument would hold water, yet there was a moral obligation that was just as binding.

Rev. W. A. Brewer explained that he was one of the signers of the agreement and having spent all his life in the county he was certain the incorporation of Hillsboro meant much to the county in the way of good roads. He declared the people wanted the very best roads in the country and was sure the agreement would be lived up to

Charlman McEvoy wanted to see Hillsboro incorporated but wanted the peoples rights safe guarded

Henry T Scott stated that if the boundaries were changed so as to exclude the Crystal Springs road the Hillsborough people would contribute one-half of the money necessary for its maintenance.

This arrangement was satisfactory to Coleman and he moved that the prayer of the petition be granted. The motion failed of a second Blackburn said the Crystal Springs road was the gate way to his township and he was unwilling to vote for the petition until he was satisfied the agreebent before the board was legal It was signed J. J. B. and he thought the full name of the District Attorney should be signed to the document. The matter was continued until next Monday.

Otto Berlinger of San Bruno petitioned for permission to transfer his liquor license from its present location to the Cordero building at San Mateo and Kains avenues. On motion of Casey, seconded by Blackburn the petition was granted.

E. G. Allemand sent a communication asking for a duplicate of his liquor license which was lost when his place of business at Visitacion was destroyed by fire. The communication was referred to the tax collector.

W. D. Hammond, representing the American Bank Protection Company, appeared before the board and offered to steel line the treasurer s vault, furnish a suitable door and install an electric burgler alarm at a cost of $4514.10. On motion of Blackburn, seconded by McEvoy, the chairman was authorized to enter into contract with the company at the price named.

The petition of H O. Heiner and others that was presented last year asking that the license of J. W. Coffroth, the fight promoter, be revoked, was brought up and owing to the absence of the petitioners went over to the next regular meeting of the board. The clerk was directed to have the petitioners present at that time.. Coffroth was present and urged the board to take action

The application of the Sierra and San Francisco Power Co. to erect poles and wires on and along certain highways in the first township was continued for two weeks

Ex-Superintendent of the county farm, Albert Eikerenkotter, having again failed to appear before the board and explain the shortage in his accounts, it was on motion of Blackburn, seconded by McEvoy, ordered that the district attorney commence suit against Eikerenkotter to collect $17.50, the alleged amount of his shortage.

Superintendent Ford of the county farm stated he had been informed by the merchants who had been awarded contracts to furnish supplies to the farm that they had notified the district attorney to prepare their bonds and contracts in accordance with the board's orders.

On motion of Casey, seconded by Blackburn, the office of poundmaster in the First district, filed by J. J. Welch was declared vacant and the bondsmen relieved from further responsibility, and J. W. Bevis of Easton appointed to conduct said office.

Chairman McEvoy called the attention of the board to the absence of the District Attorney from the meeting He said the office should be declared vacant as matters had been referred to him that were not reported on The automobile ordinance that he promised to prepare six months ago was still held in abeyance and the roads were being ruined by automobiles He said something ought to be done to compell him to perform his duty for which the people were paying him handsomely

Architect Allen presented plans and specifications for the gas and electric fixtures of the new courthouse Referred to the building committee.

The telephone company was granted permission to lay a conduit through the grounds of the courthouse for the purpose of conducting its wires to the building.

Chairman McEvoy vacated the chair to Mr. Coleman who ordered all other matters pertaining to the courthouse continued until the next meeting.

Allege Breach of Contract.

Thomas W. Forsythe has brought suit in the Superior Court against Josephine A. Phelps to recover the sum of $33,915 for an alleged breach of contract entered into on Dec. 17th, 1906, between Filcher and Cox and defendant. Mrs. Phelps agreed to let the firm sell 180 acres land at SanCarlos for her at the rate of $687 per oacre. They secured a purchaser in the person of George W. Phelps who advanced $5000 on the purchase price of the land On searching the abstract he found it imperfect and notified Mrs. Phelps of its defects but she would not remedy said defects and the sale fell through. The real estate agents allege that they were damaged in the sum of $33,915, for which said land was sold over and above the sum of $687 per acre The claim was assigned to plaintiff who asks for cost of suit in addition to damages.

R. A.. French also brings suit against Mrs. Phelps to recover the $5000 which George W. Phelps gave her on deposit for the purchase of the land above mentioned. He also asks damages in the sum of $23,907 and interest $250. The damages are for the amount Phelps lost in the purchase of the land. The claim was assigned to French some time ago.

Both French and Forsythe have been in litigation with Mrs.Phelps for some years and the present suits are no doubt the outgrowth of spleen and spite work

Don't Fish Too Soon.

There has been some confusion among firsermen as to when the season for Steelhead trout would open The County ordinance passed on July 6th, 1909, provides that no Steelhead trout may be taken above tide water in San Mateo County from November 15th to May 1st of the year following. In tide water the season is the same as the state law. Steelhead can be taken according to this from April 1st to February 1st of the following year. Of the trout, rainbow, brook, etc., can only be taken between May 1st and November 1st. The Purissima is almost the only stream of the county that has no Steelhead, this species being unable to get into the stream on account of the falls at the mouth. There were 60,000 rainbow trout planted in it last year so that when the season opens May 1st there ought to be some fine sport

There were also 50,000 Steelhead placed in both the San Gregorio and Pescadero streams There has not been a time in years that the fish and game of the county has been as well taken care of by the State Board of Fish and Game Commissioners. The Waddel is in Santa Cruz County and can be fished for its entire length for Steelhead and it is likely that some of our experts with the rod and fly will make the trip there on the first of the month.

Valuing Property of County

Deputy assessors are in the field making assessments. It would be well for all taxpayers to hand in their statements to them and thereby avoid trouble in the future. The deputies will have to make arbitary assessments in many instances owing to the negligence of the property ownier and this invariably causes dissatisfaction. Mr. C. D.. Hayward has appointed the following deputies in the various districts of the county:

Harry E. Styles, for Colma and South San Francisco, J. H. Kirk, for San Bruno, Lomita Park and East on, M. J. Powers for the second township, J D. Smith third township, D. J Lynch fourth township and E. Leighton fifth township.

We note with much interest the way some of out enterprising local dealers are putting forth every effort this spring to make their stores attractive. This week Hull Brothers whose progressive policy has been strongly shown this spring by their large, attractive advertisements in our columns, have a fine window devoted entirely to house paint. On close inspection one finds not only the usual diplay of paint cans but long cards showing rows of houses in new and handsome combinations of colors for exterior painting. An attractive window border brightens the appearance of the whole store and draws much attention from the passers-by. It attractively illustrates how easily and well and shabby surface in or about the home can be fixed up. Hull Bros deserve much credit for this window and we are sure it will prove of much benefit in reminding people of the many things around their homes that can easily be beautified at house-cleaning time

THIS IS CERTAIN

The Proof that Redwood City Readers Cannot Deny.

What could furnish stronger evidence of the efficiency of any remedy than the test of time? Thousands of people testify that Doan's Kidney Pills cure permanently.

Home endorsement should prove undoubtedly the merit of this remedy. Years ago your friends and neighbors testified to the relief they had derived from the use of Doan's Kidney Pills. They now confirm their testimonials. They say time has completed the test.

Claus Hadler, 107 Stambaugh, Redwood City, Cal., says: "I will not go back on what I said about Doan's Kidney Pills two and a half years ago when I publicly recommended them. They proved entirely satisfactory in my case, relieving a dull, tired ache in my back and freeing me of rheumatic pains in my hips and knees. At this time I can say that since my trial of Doan's Kidney Pills, procured at P. A. Ryan's Drug Store, I have had no kidney trouble or rheumatism to speak of. To be greatly benefitted as I was by the use of this medicine, is enough to make any kidney sufferer grateful. I take pleasure in telling of my experience."

Assessor's Instructions

To Owners of Real Estate and Personal Property

The law requires each and every person who owns any class of property to annually, during the months of March, April or May, file a statement with the Assessor or his deputy in the county where the property is located. You should give a statement of all property owned by you on the first Monday in March at 12 o'clock m.

If you hold mortgages against others send in a mortgage statement showing amount due on each mortgage on the first Monday in March at 12 o'clock m.

No change can be made by the Assessor after he turns his books over to the Board of Supervisors on the first Monday in July. The Board then sets as a Board of Equalization during the month of July.

Remember, if you fail to give in your assessment you fail to comply with the law and may cause yourself, the Assessor and Tax Collector much trouble, and very likely cause yourself expense.

It is much more satisfactory to the Assessor, as well as to yourself, to have your assessment correct when you go to pay your taxes.
